

AYSO REGION 678

PROFESSIONAL SOCCER CLINICS FALL 2017

OUTFIELD & GOALKEEPERS

The Challenger Academy clinics are coming back to AYSO 678 in August 2017! Due to such high demand and success of the previous clinics we are able to secure the services of your favorite Challenger coaches to run a series of weekly clinics for AYSO 678 players this Fall at NO COST to registered players.

The 8 week curriculum focuses on the varied repetition of key techniques to maximize skill development to prepare for match environments. All players will learn various aspects of the game to improve their overall technical and tactical development.
